

COVER IN RELATION TO COVID-19

We're delighted to let you know that our travel policies provide you with cover for some claims arising due to COVID-19.

Before you travel, cover is included **for cancellation due to you falling ill with COVID-19** and being unable to travel or being required to self-isolate (subject to medical certification or an official test result).

During your trip, our policies include **cover for any medical claim due to COVID-19** whilst travelling, providing you have not travelled against the advice of the Foreign, Commonwealth & Development Office (FCDO). We've also included cover for curtailment (if you need to come home early) due to the illness of a close relative due to COVID-19.

If you travel against the advice of the FCDO, there will be no emergency medical cover for claims as a direct result of Covid-19.

Our policies will continue to provide all other cover for non-COVID-19 related incidents, including Emergency Medical Costs, Baggage, Passports, Money and Personal Accident claims, as usual during your trip.

To make what we do (and don't) cover as clear as possible, we've created the following summary to provide all the information you may need:
